

AMERICAN BOARD OF CARDIOLOGY  
304 NEWBURY STREET, SUITE 309  
BOSTON, MA 02115

October 21, 2011

Dear Doctor [REDACTED],

In conjunction with the American Board of Cardiology, the National Institute of Hypertension has initiated a special program of recognition of Cardiologists and Internists with Cardiology subspecialty with particular background in the treatment of arterial hypertension and its sequelae.

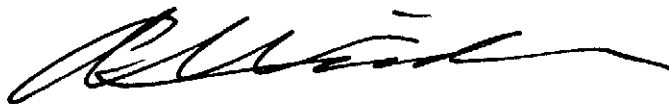

After deliberations at the meetings in Baton Rouge on July 11 and 12, and in Las Vegas on July 14, and subsequently on October 10, the names of a select group of outstanding physicians was designated for the award by the National Institute of Hypertension, as Outstanding Physician in Hypertension Diagnosis and Management. As the Executive Director of the American Board of Cardiology and Member of the Board of Directors of the National Institute of Hypertension, it is my very great honor to bestow upon you the award by the National Institute of Hypertension and the American Board of Cardiology as Outstanding Physician in Hypertension Diagnosis and Management and the Special Recognition for Excellence Award from the American Board of Cardiology.

The purpose of the program is to promote and support recognition of the importance of diagnosis and management of arterial hypertension as part of a sustained effort to lower the national mortality and morbidity rates from heart disease. As Executive Director of the American Board of Cardiology, Member of the Board of Directors of the National Institute of Hypertension, and as a practicing ordained Christian Evangelical Minister of over forty years duration, it is my wish that you will continue to uphold those practices that have won this award, namely your excellence in the diagnosis and management of arterial hypertension and your humanitarian calling in the practice of Medicine, as stated as the Golden Rule, and the words of Jesus Christ, to always treat others as you would have them treat you.

I would like you to send a written acknowledgement of your acceptance of the award as Outstanding Physician in Hypertension Diagnosis and Management and the Special Recognition for Excellence Award from the American Board of Cardiology, and to indicate the preferred spelling of your name and degree for proper engraving of the plaques.

Congratulations again, and may you always continue to practice as a true healer and humanitarian.

Very Truly,

Arthur Windsor, M.D., Doctor of Divinity  
Executive Director, American Board of Cardiology  
Board Member, National Institute of Hypertension  
Evangelical Ordained Minister of the Worldwide Ministries of Jesus Christ
